Tonny was two sheep short. Malcolm one lamb. They were able to drive them aboard the scow which made it quite easy. They took two ton of lime down there to spread on the island when there is a chance. We went to the High School play tonight. "Here Comes Charlie." Nothing to brag on. Snowing some tonight.
Dec. 22, Wednesday	<i>Annie:</i> Today's Birthdays: Leah Beverage, Dorothy Howard. Snow didn't amount to very much. This has been a nice day. Pat and I delivered milk. We towed the panel to the garage with Elmer. Had a battery put in and delivered milk downtown on way back. Tonny stopped at garage and changed Elmer's oil and I went to Pulpit Harbor with milk on my way out from Sherer's. I had a blow out. Tonny had to come down home here and get a wheel and bring it up and put it on. Shorty helped him. I did not go to Auxiliary or choir - too much storm.
Dec. 31, Friday	<i>Annie:</i> Southerly rain storm - what a storm! The boat didn't go at all. Tonny started to the funeral but the car broke down up by Mrs. Pease's and he had to walk back. Frank came down and brought us some bottles out of the car and we went back with him to the movies. "Give my regards to Broadway." Fair. We stopped at Frank's on way back and played cribbage until [a]most twelve. Had a lunch and saw the New Year in. Frank let us have his other taxi to come home in. Happy New Year to everyone.
