January 1 October 30, 1952

transcribed by Elizabeth MacLean

Jan. 1, Tuesday	<i>Pat:</i> Cloudy with a few showers. Tonny unloaded the wood he hauled in yesterday. Chopped a few limbs, went down to mill and got 6 bags of sawdust then went down town. Jessie went with us. Mum's and mine belated Christmas present came from Sears. Mum and Dad went up to Don's and Cynthia's to play Canasta. Olive kept house.
Jan. 2, Wednesday	<i>Pat:</i> Today's Birthdays: Bob Andrews, Jim Brown. Dad went up to Valentines and got some wire that he had up there. Also lead and pen. Brought it down to Mrs. Pease and put up new lead, cleaned out feed racks and pens at Tumbledown, gave Valentine sheep some hay. Rather dull day not much doing. <i>Annie:</i> Went into Tumbledown wood lot to examine hard wood, round up Pease's sheep and counted them. Nice day's work. Right??? or ???
Jan. 3, Thursday	<i>Annie:</i> Snowing until noon. Pat and I went up to Ern's to see if he could help Ton haul some logs to the Mill. They got eight logs aboard and started out. It was so nasty and cold that they left the sled at the other barn and came back. Had dinner and by that time it had stopped snowing so they started out again and got down and back OK. Pat and I took the milk to town.
Jan. 4, Friday	<i>Annie:</i> Ern came down and he and Tonny hauled two sled loads of logs to the Mill.
Jan. 5, Saturday	<i>Annie:</i> Overcast, starting to snow around eight-thirty and snowed hard all day. We went uptown with milk, didn't have any trouble but there is a pile of snow on everything. Trees weighted down to the ground. Barbara & Austin, June & Bill, Don, Cynthia and Dickie down this evening. They had a terrible time getting here. Didn't get here until 10:20 and they didn't get back home again until 2:30.
Jan. 6, Sunday	<i>Annie:</i> Talk about your "winter wonderland" - if everything weren't beautiful this morning, everything laden down to the ground. We went on a ride and took some pictures. Called on Don & Cynthia. Took them on a ride. Also picked up Bill and brought him down here and helped him get his car out and on the way. He got stuck down here last night.
Jan. 7, Monday	<i>Annie:</i> Tonny and I walked over to the other farm and up to Mrs. Pease and got the sheep. They were down under the oaks. We had a struggle getting them up through the snow but we made it and got them down to the barn.
Jan. 8, Tuesday	<i>Annie:</i> Stormy, snowing and blowing. No school at all today.
Jan. 9, Wednesday	<i>Annie:</i> I washed the clothes. Didn't dry. I'm leaving them out hoping they will dry. Tonny fixed his woodshed door. Then he and Pat skied over to the other farm and fed the sheep. Pat didn't get to school today either, going too hard.
